

# DHI-SCP3022A-B

## 2-Wire IP Smart Control Panel

#### **Functions**

#### **Smart Control Panel**

Features multiple functions such as video intercom, video monitoring and wireless alarm. Its Android 14 system supports the installation of APK files, allowing for the expansion of third-party applications.

#### Scene

It is ideal for villas, communities, apartments and hotels, and is well suited for offices.

**Technical Specification** System Main Processor Embedded Processor **Operating System** Android 14 **Network Protocol** IPv4;RTSP;UDP;DNS;FTP;RTP;TCP;SIP Basic Capacitive Touchscreen Screen Type Display Screen 7-inch display screen 1024 (H) × 600 (V) Screen Resolution G.711a; G.711u; PCM **Audio Compression** Audio Input 1 channel Built-in speaker **Audio Output** Audio Mode Two-way audio Audio Enhancement Echo suppression/digital noise reduction Audio Bit Rate 16 kHz, 16 bit **Function** Communication Mode Full digital

- Adopts the Android 14 system, offering advanced performance and a user-friendly experience.
- Featuring a sleek full-screen design with an ultra-narrow black border, this device combines style and minimalism for an exceptional visual experience.
- With its 7-inch IPS capacitive touchscreen and multi-touch technology, the screen offers wide viewing angles of up to 80 degrees both horizontally and vertically, significantly enhancing work efficiency and operational flexibility.
- Includes multi-color indicators that feature the breathing light function to keep you updated on status changes.
- Wakes up automatically when a person approaches for a seamless experience.
- Equipped with a built-in light sensor, the device automatically adjusts the screen brightness for comfortable viewing.
- With its built-in temperature and humidity detectors, you can effortlessly monitor the conditions in your house at any time straight from the home screen.
- Supports multiple communication modes including IP, Wi-Fi and IP two-wire.

Information Release	Receive and view the published information from the management center
Elevator Control	Residents can call the elevator through this device to their floor.
Leave Videos	Yes (SD card is inserted in the indoor monitor or door station)
DND Mode	Do not disturb period can be set
Number of Extensions	Villa: 1 main VTH and 9 extensions Apartment: 1 main VTH and 4 extensions
Storage	Supports micro SD card storage (up to 512 GB)
Network	
Wi-Fi	Yes
Wireless Standard	IEEE 802.11a/b/g/n/ac/ax
Wireless Frequency Range	2.4 GHz
Port	
RS-485	1
USB	1
Alarm Input	8 channels
Alarm Output	1 channel
