

# DH-MAE-D201

Dahua

- The product is a charging base with data transmission function. Working with a MPT230 Series Body Camera, it can charge the device directly, and back up the data of the device, which diversifies businesses and functions of a Body Camera.

## Dimensions (mm[inch])

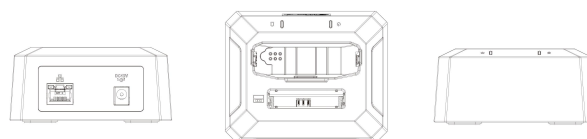

## Technical Specification

### General

USB	No
Network Port	1 RJ-45 (100 Mbps)
PoE	No
Power Consumption	24w
Charging Mode	Charge the MPT230 Series Body Camera and Battery
Charging Voltage	5V, 2A; max. charging voltage: 4.35V
Charging Time	Charging Ambient Temperature: 0°C-15°C: Body Camera≤6h; Battery≤6h; Body Camera&Battery≤6h 15°C-30°C: Body Camera≤4h; Battery≤4h; Body Camera&Battery≤4h 30°C-35°C: Body Camera≤6h; Battery≤4h; Body Camera&Battery≤6h 35°C-40°C: Body Camera≤6h; Battery≤10h
Net Weight	200 g
Gross Weight	438 g
Product Dimensions	100 mm × 81 mm × 46.4 mm (3.9" × 3.2" × 1.8") (L × W × H)
Operating Temperature	-10 °C to +55 °C (+14 °F to +131 °F)
