

DHI-LPH75-ST410-S2

75 inch Smart Interactive Whiteboard

Functions

4K HD Display

With up to 3840×2160 resolution, the 4K HD display delivers a clear image in sharp, vivid colors.

Similar to Real Writing Experience

The electronic whiteboard supports pen-point writing. It comes equipped with specialized pressure-sensitive writing pens, designed to enhance the writing experience. With its soft, comfortable nib, writing on the whiteboard feels natural, similar to the real writing experience.

Remote Management

From the comfort of the platform, you can remotely shutdown, restart, configure alarms, turn the display on and off, adjust the image and volume, and schedule the device to turn on and off.

Text Recognition

Converts written letters into text in real time, using the default font of the system.

Wireless Screen Sharing

In addition to basic file sharing, the device offers wireless screen sharing, interactive operations between two screens, and reverse transmissions. It also supports screen grouping (multiple transmission), host mode (for overall permission control), real-time transmission of images, videos and audios from the wireless camera of the mobile phone to the device, and split-screen mode that displays up to 9 splits on the same screen.

- The 75-inch 4K DLED display uses zero lamination technology and is built of anti-glare tempered glass, which reduces air refraction and parallax, and enhances the effect of the display.
- · Infrared touch technology, support Android under 32 points infrared touch, windows under 50 points touch, touch accuracy $\pm\,1$ mm, response time <10 ms..
- · Easily switches between Android and Windows.
- · Performs screen mirroring with one-click for phones, computers, tablets and more. Supports reverse touch.
- · Offers a smooth writing experience through handwriting recognition, pen writing, the fast writing response speed, and pen pressure recognition for a real writing experience.
- · Supports multiple gestures such as zoom, drag and pan. You can also erase with the point, circle or board gesture erasers, or click once to clear the screen.
- · Annotations can be easily added to any page.
- · Supports taking notes and generating QR codes for file sharing and storage.

Scene

The whiteboard is ideal for indoor sites such as classrooms and meeting rooms.

Technical Specification

Built-in System

Main Processor	GK6780V100
Operating System	Android 14
CPU	Octa-Core A55
CPU Frequency	1.2 GHz
GPU	MaliG52 × 4
RAM	8 GB
ROM	128 GB

LCD Panel

Panel Dimensions	75 inch
Backlight	DLED
Aspect Ratio	16:9
Brightness	400 cd/m ²
Static Contrast	IPS: 1200 (typ.)
Resolution	3840 (H) × 2160 (V)
Viewing Angle	178° (H) / 178° (V)
Lifespan	≥50,000 hrs

Lite for Edu Series | DHI-LPH75-ST410-S2
