

IC-S50

IC Card

Features

- Mifare 1 Philip Card, Frequency: 13.56MHz

Technical Specification

System

Card Reading Frequency	13.56MHz
------------------------	----------

Basic

Color	White
Material	PVC
Function	Read/Write
Memory	8k Bit EEPROM memory

Performance

Card Reading Distance	2.5~10mm (be related to card reader)
-----------------------	--------------------------------------

General

Dimensions	85.5mm*54mm*0.8 mm
Working Temperature	-20°C ~ 55°C

Dimensions
