

IC-M1

IC Card-IC-M1

- Operating Frequency: 13.56 MHz.
- Contactless card reading for IC cards.

Technical Specification	
Product Type	Access card
Type	IC card
Casing Material	AB glue. Highly flexible, compatible for printing
Compliance Standard	ISO14443A
Communication Rate	106 Kbps
Operating Frequency	13.56 MHz
Storage Capacity	16 Kbit
Storage Structure	16 sectors (4 blocks per sector)
Read/Write Distance	2 cm–8 cm (0.79"–3.15")
Data Retention	10 years
Operating Temperature	–20 °C to +50 °C (–4 °F to 122°F)
Product Dimensions	85.5 mm × 54 mm (3.37"–2.13")
P/E Cycle	100,000 times
